

## FULL-DEPTH RECLAMATION (FRD) PROJECTS IN DES PERES

The City of Des Peres, MO, will once again use Full-Depth Reclamation (FDR) for two more road projects in 2026, specifically Elaine Drive and Meier Lane, to pulverize old pavement and base into a new, stable road base, offering a cost-effective way to rebuild roads by recycling materials, eliminating cracks, and minimizing construction time.

This same process was performed in 2025 on Roth, Rekart, and Drexel Hill and in 2022 on Shari and Highland.

FDR is part of the Des Peres infrastructure strategy, with two streets slated for this treatment as part of the 2026 Capital Improvement Plan.
