## CONCRETE COUNCIL HOLDS FIRST-EVER CONCRETE INSPECTION SEMINAR

In January 2025, the Concrete Council held its first-ever Concrete Inspection Seminar. The day-long program, sponsored by Kienstra Ready Mix, Western Ready Mix, Horner & Shifrin and Gonzalez Companies, presented a wide range of Concrete inspection topics to 80 attendees, at the Maryland Heights Community Center. This event

was conceived and produced by Jesse Jonas PE, along with the Concrete Council and Black Twig Marketing & Promotion team.

Because of the demand, capacity at the facility had to be increased, and still others interested in attending had to be turned away, and further interest has been received since the event. Therefore, the seminar is already being planned to be repeated in 2026, with future presentations to be based on continued demand.

This event alone contributed 480 Concrete promotion contact hours toward our traditional annual goal of 3,000 hours. (In 2024, the number of Concrete promotion contact hours exceeded 4,000.)
